

Talbot Primary School
Sports Premium Initiatives 2017–18 (Total budget £19650)

Initiative	Direct impact	Whole school legacy	Cost
<p>Sport Coach The coach delivers lunchtime activities, PE lessons and after school sport clubs (autumn, spring and summer term)</p>	<p>CPD training for teachers (10 hours per week): The Sport Coach teaches alongside class teachers, sharing her expertise. This provides an immediate benefit for the children being taught (in the form of enhanced PE lessons with greater differentiation) and provides high quality, on-going CPD for teachers.</p> <p><i>“The children respond really well during PE sessions. They enjoy learning a range of skills and being active during the lessons. Lessons are well paced and children are able to move on from their starting points. The Sports Coach plans lessons that are in line with the school’s policy on Growth Mindsets. I have used these approaches in my own lessons, which has increased participation for all.” Miss Ward</i></p> <p>Lunchtime activities (4 hours per week): The Sport Coach leads organised games at playtime/lunchtime with the KS1 pupils; participation is high. The games that are taught focus on core skills of stamina, movement, coordination and balance and are easy to learn. This means the children can play them independently in the future.</p>	<p>This is Miss Gilbert’s second year at the school. She is therefore building on lessons taught last year in order to deliver high quality PE lessons within KS1 and KS2. As she already knows the children well, she is able to develop children’s skills and knowledge and to help teachers to evolve their own knowledge of PE with a focus on differentiation and improvements from individual starting points.</p> <p><i>“I really enjoyed the different levels of challenge when we were learning about throwing and catching. I was able to do super challenge!” - Year 3 pupil.</i></p> <p>Pupils are taught active games at lunchtimes, which they can continue independently.</p>	<p>£11400</p> <p>This is 58% of the budget</p>

	<p>Sport Clubs Our numerous sport clubs are promoted around school, during assemblies, on the school website, on DB primary and through Parent Mail. These are open to all regardless of ability and the overwhelming majority are free, so children are not discouraged from applying.</p> <p>Supporting Sport Ambassadors Hold meetings and training for Year 5 sport ambassadors in order for them to be confident and able to lead a range of playtime games for younger pupils. (Commencing Spring 2017).</p> <p>Liaising with external agencies Liaise with outside agencies to come into school to run either one off PE sessions (e.g. Fencing and archery) or blocks of P.E sessions (e.g. Rugby and cricket).</p> <p>Afterschool clubs (4 hours per week): Increase the number and range of clubs on offer for KS1 and KS2 pupils. Monitor participation and liase with PE coordinator about the range of clubs available and how to increase participation from target groups in school.</p> <p>Competitions (2 hours per week): Establish links with more local schools and outside agencies by attending and hosting competitions/friendlies out of school, e.g. Shakespeare Primary, Gledhow Primary, Allerton Grange High School and Roundhay High school. <u>Responsibilities include:</u></p> <ol style="list-style-type: none"> 1. Promote the events and organise teams. 2. Ensure that teams contain Key ethnic minority pupils, More Able, SEN and Pupil Premium pupils. 3. Risk-assess the events and/or travel arrangements. 4. Assist with the transport of pupils to and from events. 5. Continue to maintain good working relations with feeder schools such as Roundhay High and Allerton Grange. E.g. The Clay cup, Sports day and Talbot’s Sports Fair. <p><u>Competitions for KS2 pupils include:</u></p> <ol style="list-style-type: none"> 1. Athletics 2. Basketball 3. Cross Country 	<p>Many children are introduced to new sports like rugby, basketball and ultimate frisbee, which may act as a springboard in future.</p> <p>Giving children a level of responsibility encourages them to consider sport as a career in the future. Many Sport Leaders continue similar roles at high school and frequently come back to work with our pupils.</p> <p>Children are given the opportunity to learn new sports from a range of professionals. It will also enable teachers to develop their own practise.</p> <p>Miss Gilbert delivers four after school clubs a week all year. These are changed if a demand for a new sport emerges.</p> <p>The competitions provided encourage children to test themselves against other children; this can be the first truly competitive event for some pupil.</p> <p>For the year 2017/18, we are beginning to look at who is participating in school sport. By keeping track of this we can ensure that everyone has a fair chance. We aim by the end of the school year 100% of children in KS2 will have had the opportunity to take part in physical activity.</p>	
--	---	---	--

	<ol style="list-style-type: none"> 4. Football 5. Netball 6. Swimming 7. Cricket 8. Tennis <p>Administration (2 hours per week): A dedicated level of administrative support means that school can access more competitions. Examples include:</p> <ol style="list-style-type: none"> 1. Organise letters to parents regarding competitions and after school clubs. 2. Complete risk assessments on Evolve for out of school events. 3. Liaise with school office, PE coordinator and SLT regarding arrangements 4. Keeping a database of children who are participating in clubs and competitive sport in school. 	<p>Miss Ward and Miss Gilbert have drawn up a Sport Protocol which includes best practice for organising sporting events. This is available to support all staff in school. They have also developed systems to streamline the organisation of clubs, competitions and Sports Ambassadors. This creates a legacy as less experienced members of staff can follow this advice.</p>	
<p>Active Schools A programme designed to promote and develop, through collaboration and partnership with other schools and sport specialists, a sustainable system for PE, sport and physical activity that enriches the lives of all children and young people.</p>	<p>Access to competitive sport Membership of the Active Schools programme allows access to numerous sport competitions and events within the Leeds area.</p> <p>CPD training for teachers (Termly) CPD training attended by the Sport Coach or PE coordinator as appropriate. This ensures that school is kept up to date with regards to policies and initiatives as well as ideas on how to further develop sport participation for all.</p>	<p>Children are involved in competitive sport which helps shape them in the future.</p> <p>Miss Gilbert/Miss Ward feedback important messages to staff in the form of CPD or use their knowledge to update policies, procedures and activities to reflect best o best practice.</p>	<p>£1200</p> <p>This is 6% of the budget</p>
<p>Herd Farm</p>	<p>Outdoor and Adventurous activity Year 3 For the first time, children in LKS2 will have the opportunity to experience outdoor and adventurous sports because of the increased funding received. They will be able to partake in activities that we would not have normally been able to provide them with in school .This will be a subsidised trip for Year 3 pupils.</p>	<p>As this is subsidised, all children will be able to attend and try out new sports. Following the session, children will be signposted to places where they can do more of these activities.</p>	<p>£1500</p> <p>This is 7% of the budget</p>
<p>Balanceability EYFS/KS1</p>	<p>Balanceability EYFS/KS1 The aim will be to promote the physical benefits of cycling to KS1 and EYFS children. Children will become competent cyclists at an early age through the development of</p>	<p>Children will be provided with the opportunity to develop skills required for cycling at an early age. This will mean that</p>	<p>£1500</p>

	balance and control. School will be provided with the equipment for children to develop these skills as well as a manual, session plans, activity booklets and dvd so that staff will be well equipped to lead sessions.	more children will have had experience of riding a bike before bikeability training in Year 6.	This is 7% of the budget
Transport to sporting events	Transport to sporting events At Talbot, children are provided with the opportunity to take part in sporting events outside of school. Currently we rely on parents to transport children to and from these events which means that this can often exclude groups of children from attending. With allocated budget for transport, when a large group of children are attending events out of walking distance, we will be able to ensure that all children have the opportunity to attend.	Children will be given the opportunity to attend sporting events around Leeds including 'come and try' events, competitions and tournaments.	£1000 This is 5% of the budget
Bollywood/Bhangra dance workshops	Bollywood/Bhangra dance workshops A selected group of children who do not regularly engage in physical activity in school will be given the opportunity to attend a subsidised club in school in order to spark their interest in something new. They will be provided with the opportunity to develop a new skill and be part of a team whilst improving their fitness. A member of staff will attend the course as a form of CPD in the hopes that after the club has finished children can carry on practising these skills as part of a lunchtime/after school club. This is a new initiative only possible because of the increased amount of funding allocated.	Children are given the opportunity to engage in a sport they may not have previously experienced. As well as signposting children to places where they can continue this sport outside of school, we will upskill a member of staff so that the club can continue throughout the remainder of the year.	£500 This is 3% of the budget
You, Me, PSHE	Promoting physical and emotional health and well-being in children This is a comprehensive planning and assessment programme for Years 1 to 6 that will help teachers to deliver PSHE sessions. As part of the programme children will consider the importance of physical health and its impact on emotional well-being.	We aim to provide children with the skills to lead healthy lifestyles now and in their futures. Increasing their understanding of what physical health and well-being means will make them more aware of choices and opportunities that they have.	£145 This is 2% of the budget
Talbot Sports Ambassadors Approximately 8 More Able children will be trained to promote sport throughout school with a particular focus on LKS2 pupils at playtimes.	Talbot Sport Ambassadors This programme, which is aimed at Year 5 pupils, will be taking place from Spring 2017. It is run by Miss Gilbert and is only possible due to her capacity and drive. Each Sports Ambassador is required to complete responsibilities in school. These include: <ol style="list-style-type: none"> 1. Attending regular meetings organised by Miss Gilbert. 2. Organising and leading playground activities for LKS2 pupils at lunchtimes. 3. Promoting sport in school, e.g., through posters, DB primary and assemblies. 4. Being a pupil voice for the Health and Well-being fair. 5. Assisting with Interclass competitions. Children will be required to apply for the position of Sports Councillor and will be partly responsible for the election and training of new councillors the following year.	The Sport Ambassador programme encourages children to take more of an ownership of sport in school. Pupils are encouraged to provide ideas and suggestions regarding the standard of sport in school as well as the chance to work alongside others. There is also an emphasis on safety and sportsmanship. They are empowered to make a	£500 This is 3% of the budget

	They will be provided with a badge to raise their profile around school and high visibility jackets will be worn when leading playground games. Playground equipment also replaced and pupil voice for what sports equipment is needed	difference to the health and well-being of their peers.	
Interphase competitions All KS2 children will be provided with the opportunity to compete in half termly competitions against their phase classes.	Interphase competitions Each half term, Miss Gilbert will run an interphase sporting event in which 5 children from each class will participate. The children will be selected so that each child has the opportunity to compete in an event throughout the year.	This encourages and enables all children to take part in competitive sport during school time. The aim is to increase the participation for all of our children in competitive sport both in and out of school.	£0
Sport Assemblies Staff and outside agencies lead assemblies about the sports they love, including niche sports like bouldering and running.	Sport Assemblies Periodic assemblies based around sport are delivered to children in KS1 and KS2, e.g., football and swimming assemblies delivered by Miss Gilbert and Miss Ward in the Autumn term. Children are provided with information about the sport, links to local clubs and given information about 'come and try' events in or out of school. This means that children know where to go if their curiosity is sparked.	At the end of each assembly, the children are signposted to places where they can take up the sport in question, e.g., website links, fliers, 'Come and try' events and/or Parent Mail updates. <i>"Miss Gilbert's assembly has given me the confidence to join football club!" Year 5 pupil.</i>	£0
Talbot's Sport and Wellbeing Fair	2017-18, will be our third, annual event held within the school grounds. It promotes sport clubs in school, as well as the surrounding area through taster sessions and demonstrations. This community event has established itself firmly in the school calendar.	Following on from the Sport and Well-Being fair, school/ local clubs and events are advertised and signposted via letters, Parent Mail and the schools website. Children are taught about how to lead a healthy lifestyle and are exposed to new sports available in the local area. <i>"My favourite part of the fair was trying lots of different sports and collecting</i>	£0

		<p><i>stamps. My class won an extra PE session with Miss Gilbert!" Year 2 pupil</i></p> <p><i>"I really liked the bike track and trying to complete the timed challenges on the bikes" Year 5 pupil</i></p>	
Leeds Carnegie partnership	<p>Leeds Carnegie partnership for Reception Pupils Specialised PE support, in the form of multi-skills activities, provided to children in reception from Sports Education undergraduates at Leeds Carnegie. This partnership has run for four years and is delivered in the Spring term and has the children working intensely in ratios of 1:5.</p> <p>Leeds Carnegie partnership for Year 6 pupils Specialised PE support, in the form of leadership and team building activities provided to children in Year 6 from Sports Education undergraduates at Leeds Carnegie. Children will be given the opportunity to develop their own team games in small groups.</p>	Talbot will utilise the skills of students from Leeds Carnegie by inviting them into school to support lessons, clubs and conduct research.	£0
Special Events	<p>Charity, Focus week and Parental Involvement work Raise awareness of different charities/nationwide events by hosting competitions and events in school. For example, in previous Talbot worked with the British Heart Foundation doing a Skipathon to raise money for those in need. Talbot also recognises and promotes Walk to School Week and Scoot to School Week each year. This year, each year group will host a parent event in which parents can come and join in with PE sessions. This could be children teaching parents skills for a particular sport, a demonstration of PE work or parent/children competitions.</p>	Increase sport participation for all by hosting highly accessible events, which encourage movement in and out of school. This fits in with our belief in the governments Change for Life campaign.	£0
PE Equipment	<p>PE Equipment In order to ensure good quality teaching and learning in PE it is important that equipment is well looked after, in good condition and safe. In order to ensure this, an audit of current PE equipment will take place and new equipment will be bought if necessary. This also means that the school can offer new sports that have not previously been taught or offered as after school clubs.</p>	Children are able to practise skills and keep fit and healthy using high quality equipment. They will have a greater range of availability for sports and therefore will be able to try new things that will spark their interest.	£1905 This is 9% of the budget.
